

## Schüco ASS 39 PD.NI

Sistema scorrevole in alluminio non isolato  
Non-insulated Aluminium Sliding System

Per i sistemi scorrevoli senza esigenze di isolamento termico, il sistema scorrevole non isolato Schüco ASS 39 PD.NI offre la massima trasparenza e un design lineare. L'utilizzo manuale con chiusura integrata aiuta la linearità del design e delle forme.

For sliding systems without thermal insulation requirements, the non-insulated Schüco ASS 39 PD.NI sliding system offers maximum transparency and a straight line design. The manual operating concept with integrated retaining catch supports a clear language of design.
